4. Claims 5-14, 16, 18-24, 27 and 37-38 are rejected under 35 U.S.C. 102(b) as being anticipated by Uemura et al. 4,091,134 or Hesp et al. 5,280,064.

***Response to Arguments***

7. Applicant's arguments filed 11/10/05 have been fully considered but they are not persuasive. The added process limitations did not change or improve the claimed composition. While the process might be novel, during examination, the patentability of a product-by-process claim is determined by the novelty and nonobviousness of the claimed product itself without consideration of the process for making it, which is recited

in the claim. In re Thorpe, 227 USPQ 963 (Fed. Cir. 1985). The rejections are maintained.

8. All other rejections are withdrawn by the examiner due to applicants' response.

***Conclusion***

9. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
